MICHAEL C. ZARROLI
PRIMARY EXAMINER

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 8-15 the prior art of record does not teach or suggest alone or in combination, the combination of elements especially a resistor ("resistive means" in claim 15) coupling the connector assembly shield and cable shield. The applicant is very clear throughout the specification and arguments on the record that the resistive means is a resistor.

Applicant's arguments, filed 9/12/05 with respect to the rejections of claims 8-15 have been fully considered and are persuasive. Examiner now agrees that the secondary reference Avins can not teach a resistor coupling a connector assembly shield to a cable assembly shield. Examiner agrees that the electron tube 20 of Avins can not function as and therefore can not be read as a cable assembly shield.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael C. Zarroli whose telephone number is 571-272-2101. The examiner can normally be reached on 7:30 to 3:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, T.C. Patel can be reached on (571) 272-2800 ext 39. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
